

Castledyke Curriculum Intent

Our aim at Castledyke is to provide a french language curriculum that creates and promotes love of language learning. We will develop our children's 'cultural capital' by educating them about french culture. In doing so, we aim to help children develop an interest in, an understanding of and tolerance for other cultures. Through engaging and interactive weekly lessons, we strive to create a positive and inclusive learning environment where children feel motivated and confident in their ability to listen to and communicate in both written and spoken french. Additionally, learning a second language at a young age has been proven to enhance cognitive skills, improve problem solving abilities.
